Education

Chandigarh University

Bachelor of Engineering in Computer Science

Aug 2022 – Jun 2026

Mohali, India

Shivalik Public School

Intermediate (CBSE)

Apr 2021 – Mar 2022

DAV Public School

Matriculation (CBSE)

Apr 2018 – Mar 2019

Technical Skills

- Languages: Python, SQL, C++
- Data & Analytics: Pandas, NumPy, Matplotlib, Data Cleaning, Exploratory Data Analysis
- Databases: MySQL, Firebase
- AI/ML: Scikit-learn, ML Model Evaluation (MSE, R2), Classification & Regression
- Concepts: ETL Pipelines, Data Preprocessing, Basic Machine Learning, Data Visualization

Projects

Online Payment Fraud Detection (Machine Learning Project)

Tech: Python, Pandas, Scikit-learn

- Developed a machine learning classification model to detect fraudulent digital payment transactions.
- Performed feature engineering and handled class imbalance to improve model performance.
- Evaluated models using precision, recall, confusion matrix, ROC-AUC, and cross-validation.
- Demonstrated real-world application of AI techniques in financial fraud prevention.

Automated ETL Pipeline for Structured Data

Tech: Python, Pandas, SQL

- Built an end-to-end ETL pipeline to extract raw CSV data, transform and clean datasets, and load structured data into a SQL database.
- Implemented data validation and preprocessing (handling missing values, data type conversions) to ensure data reliability.
- Enabled downstream analytics by designing normalized database tables and writing SQL queries for reporting.

Certifications

- Databases and SQL for Data Science – IBM (Coursera)
- Python for Data Science – IBM (Coursera)
- Industry Ready Program for AI in Python
- Database and SQL for Data Science – Coursera
- Machine Learning – Andrew Ng (Coursera)

Achievements and Extracurricular

- Core Team Member – Microsoft Student Chapter
- Team Member – CAC Student Club
